## ВВЕДЕНИЕ

Подготовка к государственному экзамену всегда подразумевает большой объём самостоятельной работы учащегося. В силу различных причин учитель не всегда имеет возможность вести очную подготовку к экзамену и вынужден работать с учеником дистанционно, полностью или частично. В этом случае самостоятельное выполнение учащимися пошаговых тестовых заданий с возможностью дистанционного учительского контроля является особенно актуальным.

**«Словообразование – дистанционно»** является дидактическим тестовым пособием для дистанционно-самостоятельной подготовки учащихся к выполнению заданий по словообразованию Единого государственного экзамена по английскому языку.
